

Indianapolis *Gregory A. Ballard, Mayor*

# REBUILDINDY

Department of Public Works

09-23-2010 | ST-11-015

## 62ND STREET MULTI-USE TRAIL FROM KEYSTONE AVENUE TO ALLISONVILLE ROAD

RebuildIndy is Mayor Ballard's initiative to restore deteriorating thoroughfares, residential streets, sidewalks and bridges, as well as address neighborhood drainage and flooding issues and demolish unsalvageable abandoned homes that pose a public safety threat to neighborhoods. This investment in infrastructure will address problems throughout Indianapolis.

These construction projects will create local jobs and ultimately increase public safety for neighborhoods and residents, which supports Mayor Ballard's commitment to make Indianapolis a more livable city.

### PROJECT SCOPE

The Department of Public Works (DPW) has an infrastructure improvement project planned for the north side of Indianapolis. The 62nd Street Multi-use project will include the construction of a shared path along the south side of 62nd Street from Keystone Avenue to Allisonville Road. Planned improvements include construction of new trails, crosswalks, ramps and new pedestrian signals. Project improvements will increase pedestrian safety and connectivity between area businesses and neighborhoods.

Construction is scheduled to begin in spring 2011 and complete in fall 2011.

### PROJECT DETAILS

**PROJECT STATUS:** In Design

**ANTICIPATED CONSTRUCTION PERIOD:** Spring 2011 – Fall 2011

**DESIGN ENGINEER:** Rundell Ernstberger Associates & United Consulting

**ESTIMATED PROJECT COSTS:** Between \$800,000 - \$1.1 million: 100% federal funding

**PROJECT BENEFITS:**

- Increased pedestrian safety
- Improved pedestrian traffic and connectivity between businesses and residents

**PROJECT CONTACTS:**

Long Nguyen
